Press any switch for running, and press both switches for accelerating

Positive buoyancy
Comfortable Material

IP68
Waterproof Standard

- ✓ Press to go and release to stop. LED display for battery level. User friendly interface and safe to use.
- ✓ The runtime is about 60 minutes on calm water. So take it to the water and enjoy a one-hour non stop fun.
- ✓ Strong flotation and thrust that can support both an adult and a child to play with it.
- ✓ High density battery coupled with three-blade fully immersed propeller for optimized speed and pull performance.
- ✓ Ergonomic design of the handles on both sides for easy carry and moving.
- ✓ Independent waterproof battery box which is easy to install and disassemble. IP68 waterproof and sand proof rating.
- ✓ Made of impact-resistant plastic, and is made of skin-friendly material.
- ✓ Can be stored and rented from the shared cabinet system developed specially for Halong boards. To rent a Halong, just scan the code on the cabinet door.

Performance

Speed on Water	5 -15KM/H (on calm water)
Runtime	40-90MIN
Flotation	100KG
Propeller Power	3200W
Diving Depth	(about) 3M

Battery

Current	6AH
Charging Time	2-3H
Battery Weight	2.7KG
Adapter	DC 43.2V/2A

Other Specs

Board Dimension	69.5*44.5*27.5CM
Package Dimension	73*47*29CM
Product Net Weight	(about)6.8KG
Load Capacity	120KG
Waterproof Rating	IP68
